

Just for fun, suppose D GRIFFIN and T LANGDON called.....

and asks that the members of this forum create a mock draft which reflects whom will be chosen at what point in the draft.

The idea being to form a consensus of how the 2020 NBA DRAFT WILL PLAY OUT. This PDF file: (INSTRUCTION)

To make the process easier a list of 90 prospects are included in the order this member has them ranked. PDF file: (OVERALL POWER RANKING)

In addition a third file, (DRAFT PROJECTION by POSITION) is included to assist in your selections.

THIS FILE IS FOR INFORMATION ONLY, ENTER ALL PROJECTIONS AS SUGGESTED ON (OVERALL POWER RANKING) FILE.

Choose your top 60 from this list and place your ranking in column D on the line that has player's name.

Should you have a player(s) which is/are not listed herein just add their name in col. (A), their position played in col. (B), and your overall location where you have them ranked in col. (C).

PLEASE JUST PUT DRAFT POSITION, NO (#) SIGN or anything like that. Daily, I will collect members picks and create an overall 2 round draft from the data.
